## CAREER OBJECTIVE

Passionate Web Developer with 6+ years of experience in developing scalable and secure web applications using .NET technologies. Skilled in full-stack development, CRM/CMS solutions, and modern frameworks like .NET Core 8.0 and Azure Cloud.

## PROFESSIONAL SUMMARY

Expert in ASP.NET, .NET Core, MVC, Web API, and MSSQL with strong knowledge of N-Tier and Repository architectures. Experienced in database design, REST API integration, and performance optimization. Proficient with GitHub, Bitbucket, and Azure DevOps. Collaborative team player skilled in Agile/Scrum methodologies and problem-solving.

## WORK EXPERIENCE

### BriskStar Technologies LLP, Ahmedabad

Web Developer | April 2023 – Present

- Maintained and enhanced **CRM & CMS applications** with **role-based access control**.
- Developed modules for projects including **NewsByDay** (Blog Platform), **HetuBiz** (Textile Solution), **Medformatix** (Healthcare API System), and **Duxre** (Property Management Platform).
- Designed and optimized **dynamic blog and content workflows** for admin and editor roles.
- Implemented **JWT authentication** and **modular API integration** for better scalability.
- Environment:** ASP.NET Core 8.0, MVC, MSSQL, Entity Framework Core, AdminLTE, GitHub

### TUV SUD South Asia Pvt. Ltd, Vadodara

Web Developer | May 2021 – April 2023

- Developed and maintained **HR Management and Finance Portals**, streamlining approval workflows.
- Designed the **AP.eTravel Portal**, enabling multi-level travel request approvals and expense tracking, reducing approval turnaround by **30%**.
- Enhanced performance for **Store Manager**, **MS Finance**, and **Asset Portal** through query optimization and refactored code structure.

**Environment:** ASP.NET, Web API, MSSQL, MVC, Bitbucket, DevOps

## Squad Technologies Pvt. Ltd, Ahmedabad

Web Developer |  July 2018 – October 2020

- Contributed to major travel projects like **Moonstride Product**, **Chevron Air Holiday**, **Booksavy**, and **Tropical Holiday Direct**.
- Integrated **Open Travel APIs** for seamless hotel and package booking experiences.
- Implemented **N-Tier Architecture** to improve the performance and scalability of legacy applications.

**Environment:** ASP.NET MVC, Web API, MSSQL, jQuery, Bootstrap

---

## TECHNICAL SKILLS

- **Languages & Frameworks:** C#, ASP.NET, ASP.NET Core, MVC, Web API, LINQ, Entity Framework Core
- **Databases:** MSSQL Server
- **Frontend:** HTML5, CSS3, Bootstrap, JavaScript, AJAX, jQuery, JSON
- **Version Control:** GitHub, Bitbucket, Azure DevOps
- **Architectures & Patterns:** N-Tier, Repository Pattern, Microservices, Clean Architecture
- **API Integration:** RESTful APIs, JWT Authentication, Open Travel API, Payment Gateways
- **Tools:** Visual Studio 2022, SQL Server Management Studio, Postman, Swagger

---

## EDUCATION

 **B.E. in Computer Engineering – 2018** | CGPA: 7.47  
Apollo Institute of Engineering and Technology, Gujarat Technological University

 **Diploma in Computer Engineering – 2015** | CGPA: 7.39  
Tolani Polytechnic, Gandhidham, Gujarat Technological University

 **SSC (10th Grade) – 2012** | Percentage: 62.83%  
Sarvajanik High School, Bhachau, Gujarat
